Muse

COLLECTION by Mirage™

The Muse Collection is an ode to amazing women throughout history who are remarkable for their outstanding achievements.

These audacious and passionate women dedicated their lives to pursuing their dreams, regardless of the obstacles they faced. These muses provide inspiration that goes well beyond arts, music and literature.

These women are today's world muses: they've inspired women and men to make a difference in the society we live in.

The names given to the floors of the Muse Collection have been selected in honor of these muses of humankind.

Let Mirage be your inspiration!

Be your own *Muse* **!**
